

neRemit | Simplifying Cross-Border Medical Payments

NineRemit is an upcoming cross-border remittance platform designed to support the medical tourism ecosystem. We would enable seamless, compliant, and transparent payments from patients and families to hospitals and healthcare providers across borders.

By partnering with trusted white-label payment service providers in key markets, NineRemit will ensure that medical remittances are fast, secure, and fully aligned with local regulatory requirements. Our platform will simplify the financial journey for patients while empowering hospitals and healthcare facilitators with reliable payment solutions.

Our Mission: To remove financial barriers for patients seeking quality healthcare abroad by making international medical payments simple, safe, and stress-free.

Our Partners: We collaborate with hospitals, healthcare facilitators, and payment partners to build a reliable ecosystem for global medical care.

Your Care, Our Commitment.
